Terms and Conditions of Prepayment Plans

I offer four prepayment plans for cash paying patients. The patient is offered free treatment(s) in return for the patient's agreement to prepay for a specific number of visits in advance.

Office visits:

- With the purchase of 5 at \$125/session for a total of \$625, the buyer receives one session free for a total of 6 sessions.
- With the purchase of 9 treatments at \$125/session for a total \$1,125, the buyer receives two sessions free for a total of 11 sessions.

In-home treatments:

- With the purchase of 5 at \$170/session for a total of \$850, the buyer receives one session free for a total of 6 sessions.
- With the purchase of 9 treatments at \$170/session for a total \$1,530, the buyer receives two sessions free for a total of 11 sessions.

If the patient decides not to continue treatment before the complete package of sessions has been finished, he/she/they may receive a full refund for any unused sessions without any penalty. The refund will be returned to the patient as a check for cash or check payments or as a refund directly on the credit card used for payment. Angela Jackson, L.Ac. has up to two full weeks from date of termination to refund the payment. The patient will be notified when the refund is ready for pick up.

Payment of the prepayment plan will be taken in full on the day this contract is initially signed.

I, _____, agree to the above terms and conditions and allow Angela Jackson, L.Ac. to take payment for:

Office visits:

_____ 5 treatments at \$125/session for a total of \$625.
